

German for Travelers

*Learn to speak before you go
or brush up on what you already know!*

This course is designed for people with no previous knowledge of German. We will start with the basics, so you can understand and say some everyday words and phrases. We will take advantage of music and video to help make the learning experience both fun and enriching!

This course will be offered for 8 weeks starting March 14, and is also offered from time to time throughout the year.

To sign up or to learn more about the courses we offer, please contact us!
